ANNIVERSABY OF THE EPISCOPAL CHURCH SUNDAY SCHOOLS. - The fifty-second anniversary of the Sunday Schools of the Episcopa Church will be celebrated at St. Philip's Church, this afternoon, at five o'clock. THE BECEPTION OF GENERAL O'NEIL. - AD adjourned meeting of the committee having in charge the arrangements for a mass meeting to welcome the Fenian President, General O'Neil, of New York, took place in the lower room at Hibernian Hall last evening. The preliminaries for the recaption were arranged, and it was decided to give him such a greeting as will show that he has a place in the hearts of all true Irishmen.

dents of the different schools.

BRUTAL ASSAULT ON A WOMAN. -- A white oman, by the name of - Sullivan, living in the city ordinances, McBride's Lane, yesterday took out a warrant, in Magistrate Mackey's office, for the arrest of white man by the name of Larrabee, who, she said, had brutally assaulted her in the face, with his fist, inflicting bloody bruises. The warrant having been placed in the hands of Officer Nipson, he arrested the assailant, who in default of bail was "sent up."

THE CUBAN REVOLT .-- An ex-colonel of the Federal Army arrived here yesterday in the British schooner Lion, having left Nassau on the 12th instant. He reports considerable activity among the Cubans at Nassau in the shipment of a tillery and war material. Fifteen Armstrong guns had been sent to the insurgents, besides large quantities of grape and canieter.

The old blockade running steamer Gem, now known as the San Salvador, of Nassau, and commanded by Captain Carlin, was running between Nassau and Cuba, in the interest of the insurgents. But faint hopes were entertained of the success of the rebels, who were reduced already to a system of bushwhacking warfare, and whose only hope lay in the speedy opening of the rainy season.

Beek, Geo. Tybring, S. H. Gray, New York; C. C. Soule, Boston; Isaac Snively, Pittsburg; M. Thompson, New York; A. Bloane, Massachusetts; Wm. H. Boyce, Bennettaville; W. T. J. O. Woodward, South Carolina; C. A. Burch,

George Little, however, is the favorite for that berth, and Sam having received the unmistal-ably cold anoulder, considers himself as one more walking measurement to the proverbial in-gratitude of republics. L. I. Woolf is in the ring for chief, and J. M. Viney (colored,) an ex-orderly sergeant of colored troops, for lieu-tenant of police. Private Holliway (colored,) of the police force, is talked of for orderly sergeant. Dr. T. E. Hertz is among those men-

foned for city registrar. There seems, after all, to be a degree of thod in the madness of the Badical ring, for we hear no serious talk of placing improper men at the head of our admirable fire department; and though Chief Nathan is not viewed with favor, the only names so far mentioned in connection with his position are those of Assistant Chief R. M. Alexander and B. M. Strobel, Esq. The latter gentleman is said to be a favorite among the colored element. THE STATE ASSESSMENT.

We learn through official sources that according to the returns already in from twentynine counties, with two more to hear from (Richland and Charleston.) the indications are that the amount assessed as the value of real and personal property in the State will not exceed one hundred and thirty millions of dollars. The probabilities are that the State Board of Equalization will raise the assessment of property to about two hundred millions in order that the per centum of taxation shall not exceed one-half of one per centum, or fifty cents on one hundred dollars. To fix the rate of taxation with an assessment of one hundred and thirty millions would be very nearly one dollar on the hundred.

The returns of personal property are universally very much below what was expected. For instance, the whole number of horses returned is forty-two thousand, and the highest average value seventy-five dollars. The returns of merchants' stocks are also far below expecta-

In the matter of real property there is very little difference in the present valuation over that of 1867.

As an example of the way in which property has been assessed, the average value of arable lands in Orangeburg is \$1 75 per acre, while the highest average of the best lands will be

found in Georgetown County at \$18 per acre. The county which returned the highest general average of land throughout is Darlington, which is about \$5 per acre. We learn that the State Auditor, Mr. Tom. linson, as soon as the per centum of taxation

is fixed, will make a full statement of the returns for publication. One-fourth of the revenue to be raised will go to pay \$250,000 past due interest on the Statehouse debt. To pay the running expenses of the State Government would not require more than one-quarter per cent. taxation. Over \$500,000 past due interest is to be paid out of the taxation for the current year.

Comparing the valuation of 1867 and that of the present year, we find that the average value of real property, in Abbeville County, for 1867, was \$3 per acre; the average value of the same property this year is \$3 per acre. In 1867, Abbeville returned 593,590 acres ; in 1868, the returns are 620 243; Barnwell County returned in 1867, 994,355 acres, at a valuation of \$2,542,050; in 1868, the returns are 920,288 acres, at a valuation of \$2,974,985. Darlington County, in 1867, returned 465,483 acres, at a valuation of \$934,170; in 1868, the returns show 457,067 acres, at a valuation of \$2,280,679. Darlington is the only county in which there has been any considerable increase over the valuation of 1867.

THE STEAMSHIP MANHATTAN. -It affords us satisfaction to notice the regularity and dis- rates, by applying at THE NEWS JOB OFFICE, No. patch which mark the movements of the superior steamships now employed from this port, to New York. Their speed, accommodations, and the security and renable character of the vessels, both as passenger and freight carriers, are all that the public can desire. Among these steamers, the Manhattan, of the "Adger line," has been particularly successful, and we are pleased to learn that this fine ship, which left here on Saturday last, reached New York in the quick time of fifty-two hours, arriving at that city yesterday.

REPORTERS' CRUMBS. -The doll Virginia Lee, raffled the second time, at the Widows' Home, few days ago, was won by Miss M. Grayson A. Phillipi was yesterday appointed a mem-

ber of the detective police force. Chief Justice Chase will not be in Charleston

until Thursday. Council meets to-night, and it is understood that the resolution to take the power of appointing the standing committees away from the Mayor will be vigorously pressed. The Germania Bund go on a picnic to-mor-

row at the Schuetzenplatz. The State Medical Association meets in Charleston on the 20th instant, with a view to

Professor Pike, colored, of the Baker Ther logical Institute, delivered a sermon to a large assemblage in the Chapel opposite Military

Hall last evening. His subject was "Recognition of Friends in Heaven." There is a decided disposition among the

substantial colored element to strengthen Mayor Pillsbury's hands. There is great feeling in the Republica

ranks because Mayor Pulsbury has not appointed men of their party as delegates to the Memphis Convention. It is said that those whom he would have appointed couldn't raise the necessary "spondulicks."

THE UNITED STATES COURT. MAY 17-JUDGE BRYAN PRESIDING. -The grand jury returned into court with the following finding: Emanue Parker, violation of internal revenue laws-no bill. The petitions of John T. McGowan and E. W. Charles, Jr., for final discharge, were referred to the registrar. It was ordered that Luke Smith, of York, show cause on the 25th Luke Smith, of York, show cause on the 25th instant why he should not be declared a bankrupt. The judge rendered his decree in the case of the owners and crew of the steamship Oriental against the brigantine J. L. Pyc. He decreed salvage to the amount of \$4700 in favor

The grand jury made the following present

To the Hon. George S. Bryan, Judge United States District Court:

The Radical Ring and The City Offices.*

The Publication in The News, yesterday, of the Loyal Lesgus nate for city offices, created a prodigious stir smong the faithful of that organization, and a little consternation among some of the would be candidates. Several new aspirants for official honors rose to the surface yesterday, promin int among whom we the renowned Sam Dekerson (colored,) who intimated that he would have no ebjection to being clerk of the Board of Firenessers. Captain George Little, however, is the favorite for that berth, and Sam having received the unmissian.

deem it proper to present this subject to you

deem it proper to present this subject to your notice.

In the course of our examination, a prisoner by the name of William C. Davis claimed our attention. He represents himself as a deaman, who arrived in Charleston on the brig Eva M. Johnson; that he had been discharged and sant to hospital, and that afterwards he had taken ledgings with one Henry May, in Queen-street, and while being an immate had been arrested and taken from his bed by a State constable, and indiged in jail without his knowing what offence was charges, or without being brought before a magistate.

We would also present, as a case of hardship, the cases of Ben Johnson and William Taylor, the former site and in hospital, and the latter confined in a cell in the tower, which was in a filthy condition. They were arrested on a charge for burglary, and lodged in jail on the 8th of May, 1888, and have not yet been brought to take. These two last prisoners are state prisoners, but we still beg leave to present them an your motice. The prisoner william Taylor claims to be a Britten subject.

Home made Sugan from Songhum .- There may be seen in THE NEWS office a sample of sugar made from the sorghum cane by Dr. W. P. Passmore, of Greenville. Some of this sugar was exhibited at the Agricultural Convention, where it attracted general attention.

WEITING THE PRIZE BOWL .- The regular monthly meeting of the Palmetto Steam Fire Engine Company was held at the fall last evening. After the business of the evening had been dispatched, the magnificent Atlanta prize bowl was placed on a centre table and the members and some invited guests present partook of frequent libations of delisious punch. Major Buist, of the Stonewalls. entertained the company with a speech that made the banner-decked and flower-crowned hall ring with applause. Speeches were also made by various members of the Palmetto and the Stonewall, and sentiment succeeded sentiment, until the elegant emblem of Georgis liberality and Charleston pluck was drained of its refreshing contents.
